Web: <http://www.suniv.ac.in>

THE UNIVERSITY

The Sambalpur University Act was passed by the Orissa Legislature on 10th December, 1966 and the University started functioning from 1st January, 1967. The Postgraduate Departments of Sambalpur University offer P. G. Diploma, MA, M.Sc., M. Tech, M. Phil., Ph.D., and D.Litt./D.Sc. degrees. All the departments are actively involved in research and well equipped for research facilities for NET/JRF/GATE students. Many P. G. Departments have been recognized as Centers of Excellence and have been receiving special grants for conducting cutting edge research. The central library of the university holds a large collection of books, journals, theses, and reference documents along with access to e-resources from INFLIBNET. The University has received 'Think Odisha Leadership Awards-2013' from the Chief Minister of Odisha for its remarkable contribution to the betterment of the State.

The University is accredited with grade 'A' by NAAC and for the last five decades has been making significant progress in higher education, research and learning especially in the Higher Education of Odisha.

THE DEPARTMENT

Established in 1976 as the first LIS School in Odisha, the P. G. Department of Library & Information Science has achieved excellence in teaching and research. The Department has been inducted under DRS-SAP of UGC during the period (2002-07). The Department imparts a two-year Masters Level Programme in Library & Information Science (MLISc), One-year Master of Philosophy (M.Phil.) and Ph.D. in Library & Information Science as regular courses. It also conducts One-Year P. G. Diploma in Library Automation and Networking (PGDLAN) and One-Year P. G. Diploma in Mass Communication & Journalism (MC&J) under Distance Education Mode. One year P.G. Diploma in Library Automation and Digitization under self-financing mode will be launched from 2018-19 session. The alumni of this Department have been serving in almost all the national level institutions in the country including IIMs, IITs, NITs, CSIR, ICSSR & ICAR laboratories/institutions and abroad as well. The Course Curriculum has been updated as per the requirements of the industry and their libraries.

The Department has been organizing Seminars/ Conferences /Workshops on popular themes as a regular practice to provide a platform for the LIS professionals across the country to discuss issues, identify solutions, learn new technology and share their experiences.

THE SEMINAR

The twenty first century has brought a lot of dynamism within the Library and Information Science profession.

Traditionally, libraries were collections of books, manuscripts, journals, and other sources of recorded information. In the modern context the terms digital library and virtual library are used to refer to the vast collections of information to which people gain access remotely. The technological advancement and its application to libraries have brought a lot of changes in the roles of library information science professionals as well as the way of delivering services to the user community. The tremendous increase of digital information throughout the world and changing mode of information seeking behavior of the users has been constantly insisting new changes in paradigm of librarianship. Thus the profession of librarianship must learn specific technical skills along with other professional and personal skills to adapt the changes in the new electronic information environment. The librarian of the new digital era must be capable of working in the hybrid world of print and electronic media and providing the best mix of information resources in the most appropriate formats for the users.

This National Seminar on the theme "Current Trends and Practices in Librarianship" will enhance the knowledge level of the participants about the advanced tools and technologies used in modern libraries and the skills required by the LIS professionals to serve the user community of this digital era with greatest satisfaction. The Seminar will highlight and aware the participants in better understanding of skills and ethics involved in modern Librarianship and how to tackle realistic issues with the acquired skills. The core objective of the seminar is to review the trends in the librarianship from the traditional concept to the modern approach.

RESOURCE PERSONS

Eminent academicians/ Professionals are being invited from reputed institutions of India to act as resource persons to deliver keynote address and theme based presentations.

TARGET PARTICIPANTS

The seminar is intended mainly for Library and Information Science Professionals working in different college and university libraries. The faculty members, researchers and students of Library and Information Science can also participate to enhance their current practical knowledge and skills.

BENEFITS TO PARTICIPANTS

The participants will get the opportunity to interact with knowledgeable and renowned Academicians in the field of Library and Information Science and also with Professionals having vast practical experiences of Librarianship in reputed institutions of India to reshape and inculcate their specific technical skills as well as professional ethics regarding modern librarianship. This seminar will act as a platform for them to

discuss the issues faced by them to adapt the changes in the new electronic information environment.
