Sub: The need for Strict adherence to the Scheme of Examinations laid down by INC - reg.

Sir/Madam,

As you are aware, in accordance with Section 16 (h) & (i) Indian Nursing Council Act, the eligibility criteria and Guidelines for the various Nursing examinations have been notified through regulations by INC for strict compliance by the Universities/examining bodies whose Nursing qualifications have been recognised by INC. However recently several instances regarding deviations in the examination schemes, flouting the INC guidelines, have been brought to the notice of INC, in the context of registration of Candidates, by various SNC's with reference to the Certificate and mark list of the qualified candidates (like non-adherence to minimum pass marks in theory and practical papers separately etc). Keeping in view the career interest of the candidates who have already qualified. However in the Interest of ensuring the uniform standards improving the quality of Nursing Education, INC cannot allow such deviations from the prescribed eligibility criteria and exam schemes to continue. All Universities are to ensure that henceforth the Admission Eligibility Criteria and the Guidelines for Examination notified by INC are strictly followed. **It is needless to mention here that if conditions for admission to the Nursing Course and the Scheme of examination for the INC recognised Nursing Qualifications are not in conformity with the regulations Notified by INC, then the candidates possessing such qualification shall be entitled to be registered in that State Only where the University/Examining board is situated. {Section 14 (3) (b) of INC Act}.**

For the sake of ready reference the examinations Guidelines and Academic Eligibility Criteria for the B.Sc. (N) course is given below for ensuring strict compliance by all concerned.
