Instructions

1. The confidential report is an important document. It provides the basic and vital inputs for assessing the performance of an Officer and for his/her further advancement in his/her career. The Officer reported upon, the Reporting Authority, the Reviewing Authority and the Accepting Authority should therefore, undertake the duty of filling out the form with a high sense of responsibility.
2. Performance appraisal through Confidential Report should be used as a tool for human resource development. Reporting Officers should realize that the objective is to develop an Officer so that he/she realizes his/her true potential. It is not meant to be a fault-finding process but a developmental one. The Reporting Officer and the Reviewing Officer should not shy away from reporting shortcomings in performance, attitudes or overall personality of the Officer reported upon.
3. The columns should be filled with due care and attention and after devoting adequate time. Any attempt to fill the report in a casual or superficial manner will be easily discernible to the higher authorities.
4. If the Reviewing Authority is satisfied that the Reporting Authority had made the report without due care and attention he shall record a remark to that effect in part III. The remarks shall also be entered in the Confidential Roll of the Reporting Authority.
5. Every answer shall be given a narrative form. The space provided indicates the desired length of the answer. Words and Phrases should be chosen carefully and should accurately reflect the intention of the authority recording the answer. Please use unambiguous and simple language. Please do not use omnibus expressions like 'outstanding' 'very good', 'good', 'average', 'below average' while giving your comments against any of the attributes.
6. Although performance appraisal is a year-end exercise, in order that it may be a tool for human resource development, the Reporting Officer and the Officer reported upon should meet during the course of the year at regular intervals to review the performance and to take necessary corrective steps.
7. It should be the endeavour of each appraiser to present the truest possible picture of the appraisee in regard to his/her performance, conduct, behaviour and potential.
8. Assessment should be confined to the appraisee's performances during the period of report only.
9. Some posts of the same rank may be more exacting than others. The degree of stress and strain in any post may also vary from time to time. These facts should be borne in mind during appraisal and should be commented upon appropriately.

1. Professors in a University not being eligible for study leave shall be eligible for grant of sabbatical leave for a period of one year at the end of every six years of continuous service in the Professors grade in the University for undertaking study, research and writing purposes within the country or abroad.
2. In reckoning the service in the Professor's grade for this purpose, 'six years' service rendered without any break will be taken into account i.e. it should not be intervened by any absence for a period exceeding three months of the University session (excluding vacation). For any absence for a period exceeding three months service for an additional period of equal duration will have to be rendered for the completions of six years service, for the purpose of sabbatical leave.
3. Sabbatical leave shall be granted for a period of twelve months including holidays and leave, vacation will not be allowed to be prefixed or suffixed with sabbatical leave.
4. Sabbatical leave may be availed of only twice of one year each only during the entire period of service of a Professor in the University provided he has rendered approved service of not less than six years before each spell of sabbatical leave.
5. During the period of sabbatical leave the Professor shall be allowed to draw the normal increments on the due date and the period of leave shall also count as regular service for purposes of pension/retirement benefits provided that the Professor rejoins the University on the expiry of his leave.

Note :- (i) The programme to be followed during sabbatical leave shall be submitted for approval (by the University) alongwith the application for grant of leave.

(ii) On return from the leave the teacher shall report to the University the nature of study, research or writing work undertaken during the period of leave.

Such leave may be granted for a period not exceeding six months and may be availed of only twice during the entire period of service. Such leave will be meant for increasing the Professional/Administrative competence thereby increasing their usefulness to the College, and not for obtaining degree.
